

Jeux des monstres : 2 propositions :

Memory : On cache les cartes faces sur la table. On reconstitue les paires, en les retournant deux par deux. On gagne quand on a retourné les deux mêmes cartes.

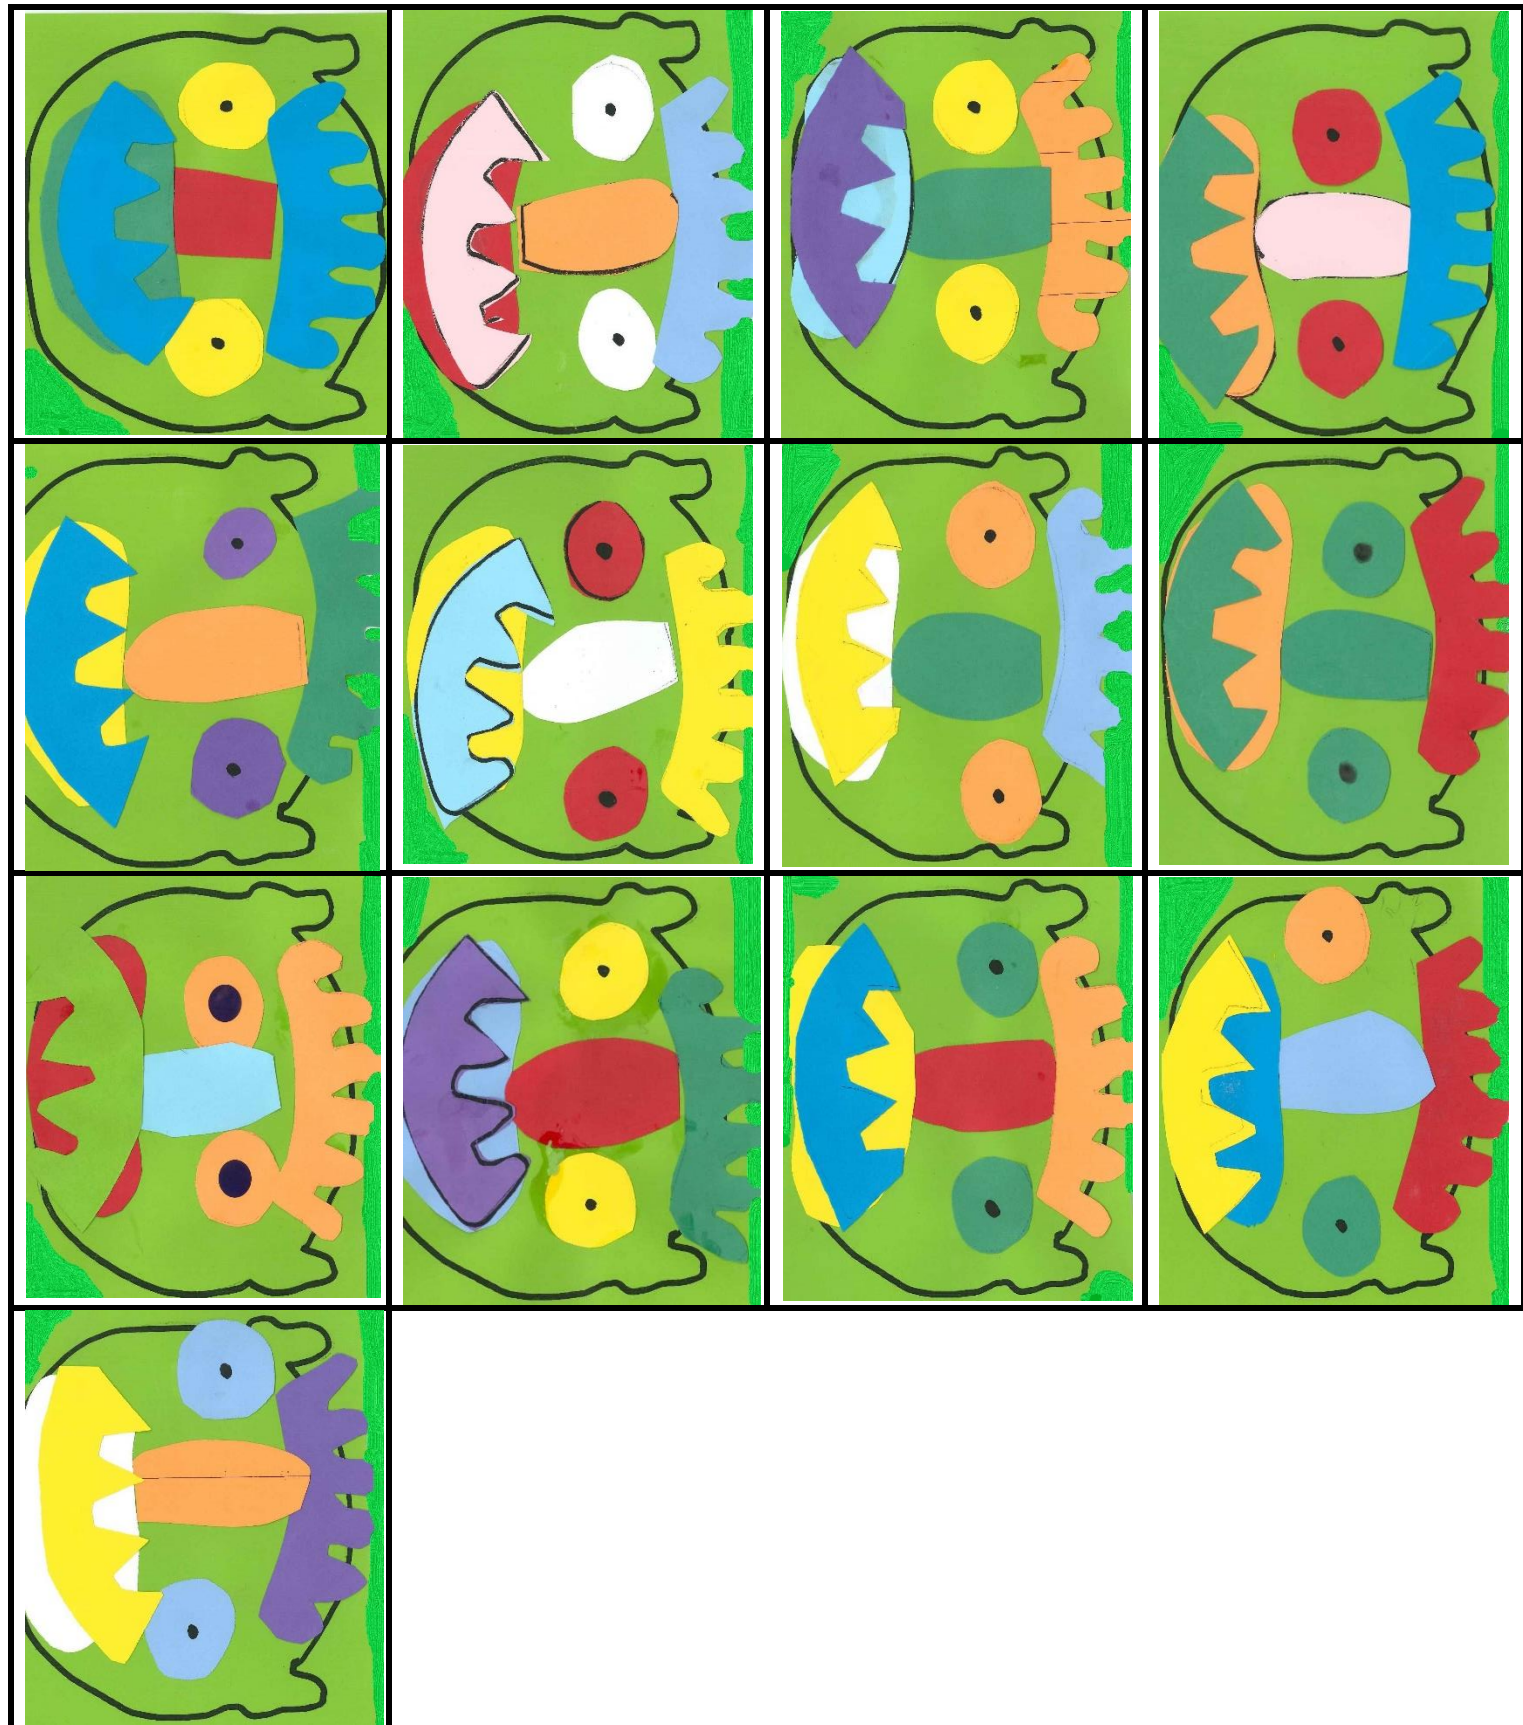

Il faut imprimer 2 fois les visages, puis les découper.

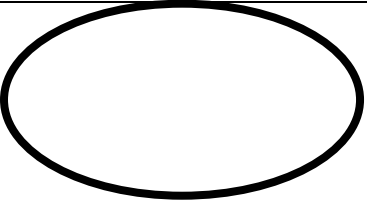

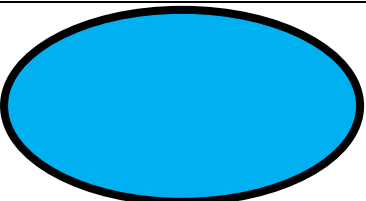

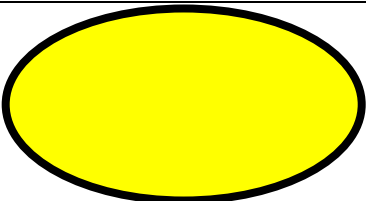

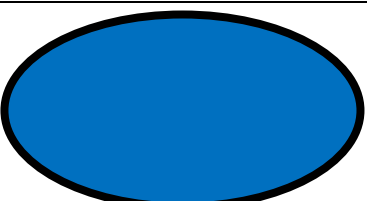

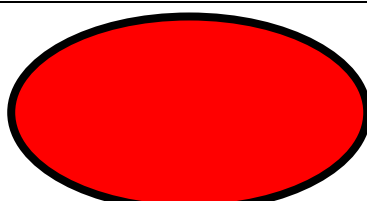

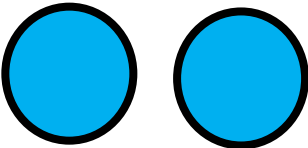

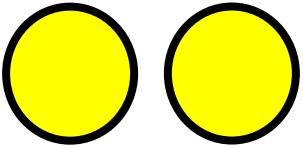

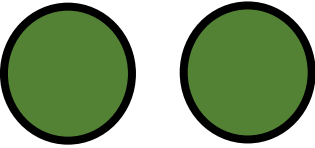

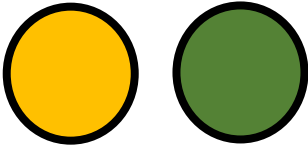

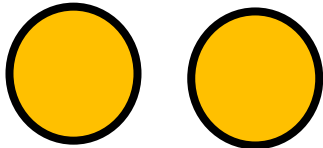

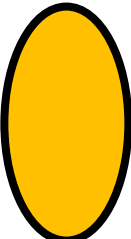

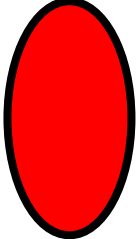

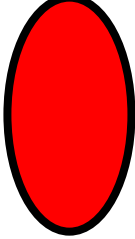

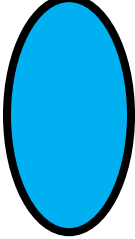

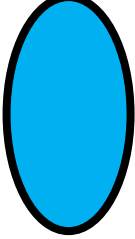

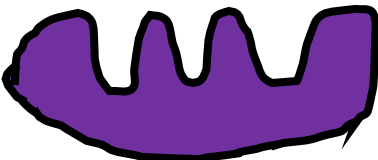

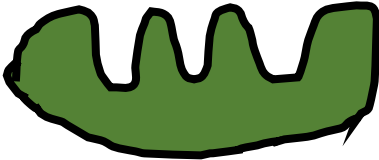

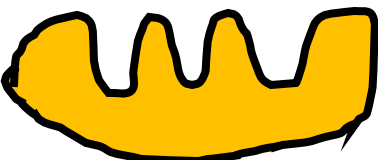

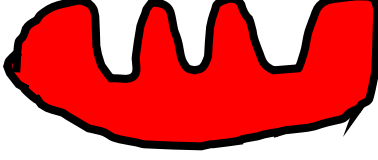

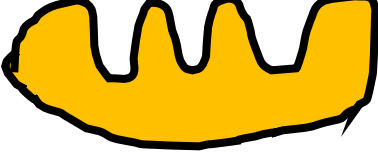

Mener l'enquête :

Les monstres se sont échappés, il faut les attraper.

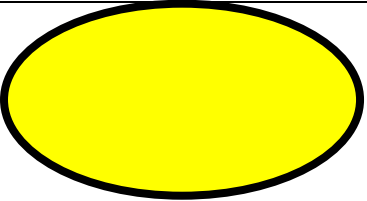

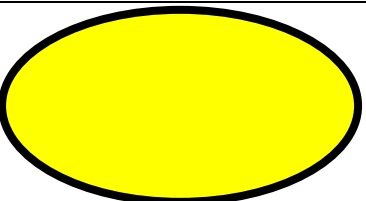

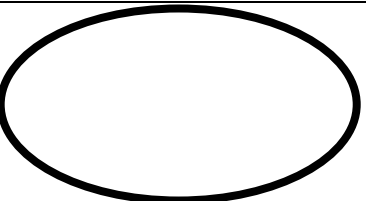

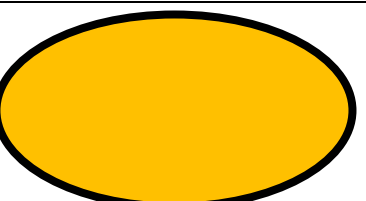

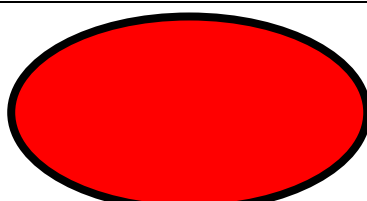

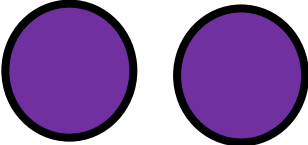

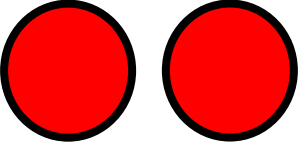

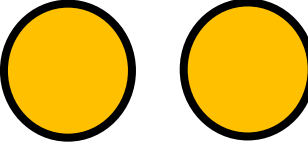

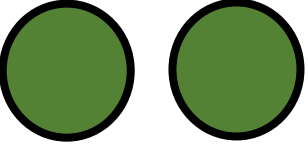

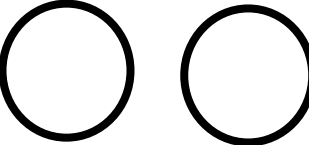

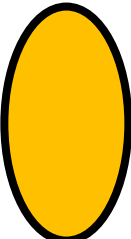

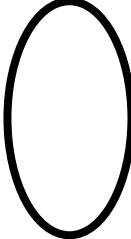

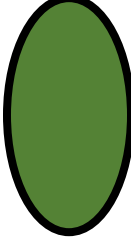

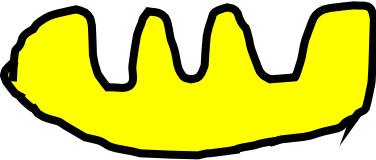

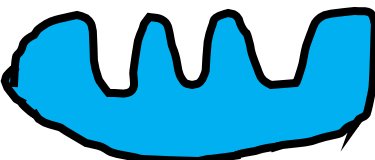

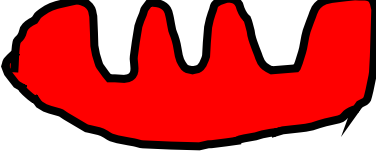

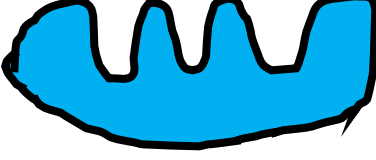

Découper les têtes et poser les dans différents endroits de la maison.

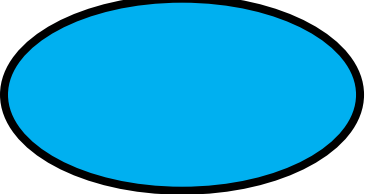

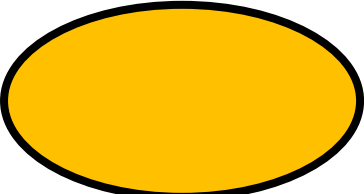

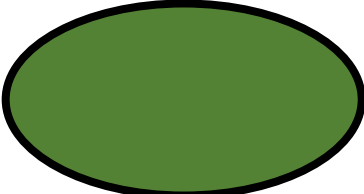

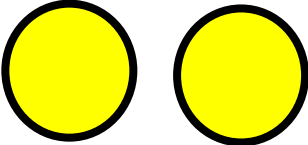

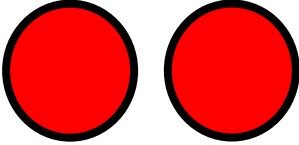

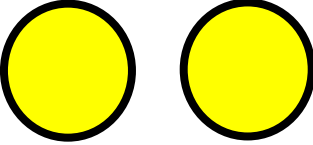

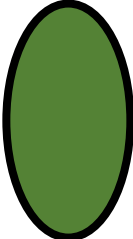

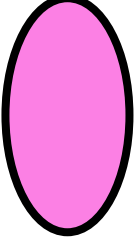

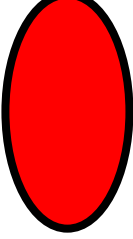

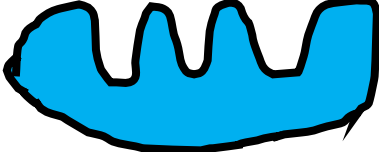

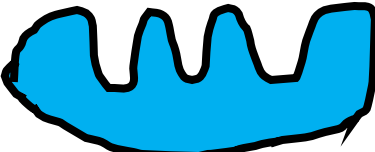

Avec les cartes indices (tableaux suivants), chercher la tête de monstre correspondante et rapporter - la à maman ou papa qui contrôleront.
